

DSCSA: Where are we now?
Tonya Soper, PharmD

This roundtable session is dedicated to demystifying the Drug Supply Chain Security Act (DSCSA), examining its purpose, regulations, and implications for pharmacy practice. We will delve into the core components of DSCSA, including its requirements for product tracing, serialization, and verification, while also discussing exemptions available for certain products and entities. Additionally, we will assess pharmacy readiness in complying with DSCSA mandates, exploring potential challenges, best practices, and opportunities for seamless integration of compliance measures into existing workflows.
